

FRAMING PLATFORM TO PLEASE ALL FACTIONS WILL BE DIFFICULT JOB

League of Nations and Industrial Relations Planks are Stumbling Blocks—Lowden, Johnson and Wood Managers Are All Claiming Their Candidate Will be Nominated.

CHICAGO, June 5.—(By The Associated Press)—The contest between the various aspirants for the Republican presidential nomination is momentarily obscured by a preliminary contest over the platform. The latter is acknowledged to be loaded with dynamite and the former is so surrounded by counter claims that it has been arranged that the real truth of the situation is not apparent.

Most all the practical politicians however, were predicting today that any coalition of party leaders which presents the successful solution for the league of nations plank will be able to nominate their candidate for the presidency. The league of nations plank in the Indiana state Republican platform brought here by Senator Watson, who is the foremost candidate for chairman of the resolution committee, seems to be the nucleus around which the discussion is centering and it may provide the basis for the agreement. It declares in effect that the Republican party denounces the league of nations as it was brought from Versailles by President Wilson, but it does not close the door to its acceptance with reservations.

At this point the reservations of various degrees and the irreconcilable appear as the elements to be brought into harmony.

Most of the party whips seem to be agreed that the convention cannot take any action which could be construed as a repudiation of the Republican leaders in the senate. Compromise seems to be inevitable and the prediction of the field marshals is that the compromise will develop the candidate.

All Have Difficult Views.

On the side lines of the big fight there is a scrimmage going on between the leaders of the party in congress and the leaders of the party throughout the states. Many of the latter have come to Chicago openly expressing the feeling that senators and representatives have had too much to say in the decisions of the party's affairs and that some consideration must be given to the chief executives from the provinces. The statement by Governor Beekman of Rhode Island that he was not sure whether he was going to a Republican convention or a senatorial caucus has been construed as a notice from the governor and state leaders that they will demand to be heard.

Judging by their degree of pre-convention activity, Wood, Lowden and Johnson might properly be designated the "big three." On one proposition their managers are agreed. They all claim victory. They differ on how it is to be achieved or on what ballot it is to be but they assure all inquirers there is no doubt about it.

Seventy-two hours before Senator Lodge's gavel drops in the big Coliseum a composite talking machine record of the expressions of the managers would say: "We are perfectly satisfied with the situation. The strength of our candidate is steadily increasing."

All Claim Victory.

The sentiments expressed on street presumably reflecting the views of the man up the tree are as many and as varied as the number of candidates. One hears with the greatest degree of finality Lowden or a "dark horse" and Johnson after the third ballot or Wood after all the others have been eliminated.

Convention time brings to Chicago a small army of political writers who feel that by analyzing the cross currents in the muddy and turbulent stream which swirls about the hotel lobbies and in and out of the inner coverts of the campaign managers' offices, they can discern the course of the tides and predict with certainty to the folk back home what is going to happen.

Any predictions made at this time are the results of analysis, deduction and opinion rather than information. If there is a single man in Chicago who knows what the Republican convention is going to do he hasn't appeared with any proofs of his knowledge.

One straw which may show the way the wind blows would be a caucus of uninstructed delegates held at the only place in Chicago large enough in which to hold it is the Coliseum itself and the indications are that the first canvass of uninstructed ones would be held the same day next week when the preliminary business having been disposed of, the clerk begins to roll the ball.

SECOND SESSION OF 66TH CONGRESS ENDED SATURDAY

Will Not Meet Again Until Dec. 6 Unless Emergency Arises

ALL WORK CLEANED UP

WASHINGTON, June 5.—The sixty-sixth congress ended its second session today, adjourning sine die at 4 p. m. Unless a grave emergency arises, which makes necessary a special session, it will not meet again until December 6.

The close was marked by none of the rush that generally attends a getaway of congress, but there was the usual applauding and cheering for the first long vacation congress has had since the United States entered the war.

The house cleaned up its work early in the day. The senate remained in continuous session and as the result of a filibuster the bill to establish a national budget system failed. Final sessions of both houses passed without the plethora of political speeches.

The nearest thing to it in the senate was an attack by Senator Pomerene, Democrat, Ohio, on the contingent expense committee for delay in reporting his resolution proposing an investigation into expenditures in the forthcoming presidential and congressional campaigns. The resolution was adopted without a record vote.

President Wilson's criticism of congress passed without comment in either house.

Practically the only action by the house during the day was to pass the budget bill after amending it to meet the president's objection.

Republican leaders abandoned their plan to call for a vote on the resolution refusing President Wilson's request for authority to accept a mandate over Armenia.

While congress was winding up its affairs, President Wilson was devoting almost his entire time to signing bills. Some measures enacted, however, were not reached by him before the hour of adjournment and automatically became dead.

The exodus of senators and representatives began almost immediately after adjournment and will continue tomorrow and Monday.

Began December 1

The session of congress which ended today, began on December 1. Important legislation enacted during that time included:

Army reorganization bill providing for peace time army of 297,000 officers and men, a national guard and a reserve force.

Transportation act designed to assist railroads over period immediately following their return to private control last March 1.

Oil leasing bill, by which thousands of acres of oil and mineral lands in the west and south were thrown open to the merchant marine bill, providing for the ultimate sale of government owned merchant fleet.

Sterling anti-sedition act and the Johnson bill providing for the deportation and exclusion of dangerous aliens.

Edge bill authorizing the formation of corporations to finance American export trade.

Civil service retirement bill.

Postal pay increase bill.

Important measures which failed of passage, included:

Soldier bonus bill, which was passed by the house last Saturday night, but which was not taken up by the senate.

Indemnity bill, which President Wilson vetoed and which the senate failed to pass after the house had amended it to meet the president's objection.

Bill to regulate and control the meat packing industry.

Cold storage bill.

Bill to abolish the housing corporation.

Annual rivers and harbors supply measure, which was left in conference.

Congress finally passed the waterpower bill, pending for twelve years, but it was killed automatically with the adjournment of congress through failure of the president to sign it.

Appropriations Large

Congress also sent to the president and he approved sixteen supply measures carrying a total of \$2,683,385,113. Permanent appropriation bills of a total of \$1,492,000,000 also were passed and approved.

During the six months of the session just ended, a total of approximately 20,000 bills and resolutions were introduced. The senate approved about 315 bills and joint resolutions and the house 378 bills and joint resolutions. The former adopted 233 resolutions, not requiring house action and the house adopted about the same number not needing senate action.

Much of the session was occupied by another unsuccessful effort to agree on a peace settlement which would end the technical state of war. The treaty of Versailles, laid aside at the close of the first session in

Thompson Out Of Committeeman Race

CHICAGO, June 5.—Mayor William Hale Thompson of Chicago tonight issued a signed statement in which he declined to be a candidate for re-election as Republican national committeeman. Mayor Thompson's action was taken, he said, because he "cannot and will not accept election to an office, the forcible administration of which might make me a party to the purchase of the high office of president of the United States."

Mayor Thompson, in his statement, declared that at the Illinois primary election, "a vast majority of those voting in Chicago had expressed their demand that the United States get out of Europe and stay out; their opposition to the league of nations" and that "although a majority of the Illinois delegates to the national convention have promised to vote for my re-election as national committeeman, recent developments have convinced me that acceptance of re-election as national committeeman might compel me to sacrifice the principles for which the people of Chicago voted. I therefore, decline re-election in order to be free to continue the fight for the principles our people have endorsed so emphatically. I will not, for a membership, forsake my duty to aid in the fight for these American principles."

"The facts disclosed within the past few days through an investigation by the United States senate of presidential campaign expenditures further impel me to this decision. Regard for public decency should rise above personal ambition for office or power. It is apparent that certain interests would put the white house on the auction block. They assume that a candidate with vast sums of money to spend can make president regardless of his moral, his lack of principles or his lack of sympathy with the aims and desires of the American people."

"Delegates have been refused seats on account of corrupt influences surrounding their selection. Other delegates unopposed for election received substantial sums of money, according to their own confessions. The ideals of true Republicanism would, in my opinion, be served if the person who improperly paid or supplied money which was used for the privileges of the convention and barred from being beneficiaries of any convention action."

"Believing in my heart that our great republic cannot survive unless the money changers shall be driven from the temple of the government, I cannot and will not accept an election to an office, the forcible administration of which might make me a party to the purchase of the high office of president of the United States."

CONGRESS BLAMED BY WILSON FOR FAILURE REDUCE LIVING COSTS

Charge Made by President in Message to Heads of Sixteen Rail Union Chiefs

WASHINGTON, June 5.—Congress was charged today by President Wilson with failure to take "important remedial action with respect to the cost of living."

In a "serious consideration" to the revision of the tax laws and the problems of peace, the president said "it must be evident to all that the dominating motive which has actuated this congress is political expediency rather than lofty purposes to serve the public welfare."

The president's message was in reply to one from the Brotherhood officials protesting against the adjournment of congress. Mr. Wilson said that "in the light of the record of the present congress I have no reason whatever to hope that its continuance in session would result in constructive measures for the relief of the economic condition to which you call attention."

The president added that "the protracted delay in dealing with the problem of the railroads, the problem of the government owned merchant marine and other similar urgent matters has resulted in unnecessary burdens upon the public treasury and ultimately in legislation so unsatisfactory that I could accept it, if at all, only because I despaired of anything better."

Mt. Clemens, Mich., June 5.—Life imprisonment at hard labor the maximum penalty under the Michigan law, was the sentence imposed today upon Lloyd Prevost, convicted last night of killing J. Stanley Brown, near here last December. Counsel for Prevost after the verdict, announced that a new trial will be asked.

PLAN REDUCTION DELEGATES FROM SOUTHERN STATES

Steps Taken to Prevent Illegal Selections

NEGROES WILL BE GIVEN VOTE

CHICAGO, June 5.—Representation of the southern states in future Republican conventions would further be reduced under plans to be urged upon the national committee.

Many of the northern committeemen feel convinced that the last reduction did not reach the mark at which the committee was aiming and they cite the crop of delegate contests brought to the national committee from the southern states with accompanying cooked up evidence, packed or secret conventions and stacks of affidavits which some delegates before the committee charged had been obtained at "five dollars a throw."

In practically every contest before the committee speakers have declared that the Republican party would meet little success in the southern states unless it took steps to check the alleged practices. As the first steps the committee by unanimous resolution gave warning that no local or district convention for the next national convention must be held in places which were not accessible to all regardless of color. The same committeemen who proposed that resolution have now, after further study of the subject prepared to submit plans to slash the delegate representation of the southern states down to a minimum in harmony with the number of Republican votes they bring at the polls.

The plan is to give the states representation by a limited number of delegates at large and to put the required number of Republican votes in the congressional districts at a mark which will reduce the district delegate representation. South Carolina cases centered the attention of committeemen on that feature as it presented an instance of a state casting 1,500 Republican votes being represented in the national convention with eleven delegates.

The understanding now is that the committee will recommend the plan are going to present it to the present committee before it goes out of existence and use the proceedings of the contest hearings to argue the reason for the change they demand.

Many of the committeemen from the northern states, particularly are disturbed over the problem of the negro vote as it was represented at the contest hearings. Some of the contest were straight out and out black and white issues and in some of them the negroes brought prima facie evidence of being in control of the party machinery. In some of the cases this argument was used by the appealing delegation in entreating the committee to recognize the delegation on the ground that negro domination, as some of the speakers expressed it, would prevent the breaking of the solid south.

MANY OF CONTESTED DELEGATES SEATED FAVOR GOV. LOWDEN

National Committee Finishes Strenuous Week in Disposing of 137 Contests—Nearly all Are Uninstructed, But Having Leanings Towards Illinois Executive—All Work Done in the Open.

CHICAGO, June 5.—Delegate contests, which have furnished spectacular features of the pre-convention period, were finished by the Republican national committee with decided advantage to Governor Lowden.

Altho on actual instructions of the 137 contested delegates General Wood received twelve and Governor Lowden seven with 116 uninstructed the reported leanings of the disputed delegates favor the Illinois governor.

The committee, in the two Missouri seats refused to seat any contestants.

All of the eleven district delegates from Virginia aligned with the Slomp faction were seated. The committee rejected earnest pleas of negro contestants for seats and also decided separate anti-organization contests in the third and eighth districts in favor of the Slomp faction.

According to the reports of the candidates favored by the delegates, the 135 delegates involved were distributed as follows:

Wood	18
Lowden	65
Johnson	4
Judge Pritchard of N. C.	17
Uninstructed and scattering	31

With the two Missouri contests rejected, entire roll of the contests are expected to be appealed to the convention credentials committee and subject to revision by the convention itself.

The final day's proceedings in disposition of the contests which have kept the committee on the job for a solid week, were marked by an attack on Senator Moses of New Hampshire for his charges that "steam rollers" tactics had been employed against Wood delegates and by unanimous adoption of a resolution looking to re-organization of the Republican party in the "solid south."

The committee's decisions left the actual instructed line-up on the convention temporary roll call, without regard to uninstructed delegates known leanings, as follows:

Wood	124
Johnson	112
Lowden	73
Harding	39
Poindexter	14
Sproul	76
Sutherland	16
Judge Pritchard of N. C.	22

The resolution for re-organization of party efforts in the following action was taken today between whites and negroes during the disposal of 43 contests of which there were 23 from Texas, 15 from Virginia and 5 from

Condensed Telegraphic News

(By The Associated Press)

WASHINGTON, June 5.—Eleven bills and resolutions passed by congress in the closing days of its session including the water power measure and the in 1870 resolution repealing most of the war time laws and proclamations were killed today by President Wilson thru a "pocket veto."

NEW YORK, June 5.—Taking the lead at the start and holding it to the finish just as he did in the Kentucky derby, Ral Parr's three year old gelding, Paul Jones, by Sea King Day Florence won the Suburban Handicap at one mile and a quarter at Belmont Park today. His time was 2:09 3/5. The track was sloppy.

KANSAS CITY, Mo., June 5.—Chicago was chosen over Baltimore for the holding of the 1921 convention by a vote of 73 to 40 in the convention of the national association of real estate boards here today. New York received five votes. Balloting was by cities.

WASHINGTON, June 5.—New York City had a population of 5,621,151 on January 2. An increase of 854,268 or 17.9 per cent over 1910, the census bureau announced tonight. The rate of growth was smaller than ever before in the city's history, except for the decade ending in 1870 while the increase was unmercifully smaller than in either of the two decades preceding 1910.

DURANGO, Colo., June 5.—One person was killed, twenty injured of whom some may die, when Denver & Rio Grande passenger train No. 114 was wrecked today at Toltec. A parlor car rolled one hundred and fifty feet down the mountainside.

The dead man is Albert Schuttes of Durango.

WILL CARRY PROBE TO NOVEMBER ELECTIONS

WASHINGTON, June 5.—Investigation of expenditures in the presidential campaigns which will end with November elections was ordered today by the senate.

The inquiry will be conducted by the same committee which has been hearing evidence as to pre-convention political financing. The committee heard testimony in that phase of its investigation today and then adjourned until July 9 when it will complete this work in preparation for the larger inquiry.

Senate action today was on the resolution of Senator Pomerene, Democrat, Ohio, a member of the investigating committee and was taken in the closing moments of the session after a brief, but spirited debate.

RECOMMEND SLIDING SCALE FOR CHAUFFEURS.

Chicago, June 5.—The city strike arbitration commission today recommended that a sliding scale of \$30.50 to \$40.50 a week be paid to city chauffeurs who recently went on a strike. Street cleaners were recommended for an increase in pay from \$4.05 a day to \$6.00. More than \$200,000 will be added to the budget appropriations if the council accepts the recommendations.

FIND THREE GUILTY OF MANSLAUGHTER.

Chicago, June 5.—Sentence was pronounced today by Judge Kavanaugh upon three men found guilty of manslaughter. Abe Schwartz and Joseph Kasik were given intermediate sentences of one year to life in the Joliet penitentiary and Leon Dubinsky was given a twenty year sentence.

WEATHER PREDICTIONS FOR COMING WEEK

Washington, June 5.—Weather predictions for the week beginning Monday are: Region of the Great Lakes, fair, mild temperature until near end of week when showers are probable.

STATE LABOR PARTY NAMES TICKET

SPRINGFIELD, Ill., June 5.—Candidates for state office, nominated today by the Illinois Labor party, made plans for an aggressive campaign next fall before they departed, following the close of the state convention tonight. The ticket is headed by John Walker of Danville, president of the State Federation of Labor. He will make the race for governor. John Fitzpatrick, president of the Chicago Federation of Labor, is the party's candidate for United States senator.

The convention this afternoon approved the entire state ticket, presented by a nominating committee. The candidates in addition to Walker and Fitzpatrick are: Charles Dold, Chicago, lieutenant-governor; Frank Egan, Riveron, secretary of state; Johnson, Schaefer, Belleville, auditor; John B. Lennon, Bloomington, treasurer; William E. Rodriguez, Chicago, attorney-general; Albert Towers, Belleville, clerk of supreme court, and Clifford Ernest, Eldorado, congressman at large.

Mr. Fitzpatrick and Mrs. Clifford Ernest were elected national committeemen. Duncan of Springfield, was re-elected state chairman.

The convention closed tonight with a mass meeting, which was addressed by Mr. Fitzpatrick.

MOTHER OF REP. RODENBURG DIES

St. Louis, June 5.—Mrs. Charles Rodenburg, mother of Congressman William A. Rodenberg of the 22nd Illinois district died at her home here last night of paralysis. She had been ill for several weeks. Mrs. Rodenberg was 81 years old.

BANK CLEARINGS

New York, June 5.—The actual condition of clearing house banks and trust companies for the week (five days) shows that they held \$28,567,400 reserve in excess of legal requirements. This is an increase of \$4,228,600 from last week.

PROTESTS AGAINST LATE FILINGS

JEFFERSON CITY, Mo., June 5.—Breckinridge Long of St. Louis, third assistant secretary of state who is a candidate for the Democratic nomination for United States senator has telegraphed a protest to Secretary of State Sullivan against the filings of declarations for the nomination last night by H. S. Priest and Charles M. Hay of St. Louis and Rev. Arthur N. Lindsey of Clinton.

Long declares that the primary law requires all declarations to be filed at least sixty days prior to the primary, and as the primary will be August 3, Long contends the time for filing expired at midnight Thursday and not at last midnight as Secretary Sullivan decided.

In the event Long is correct it was pointed out that all candidates who filed yesterday will be excluded from the primary.

ROBBERS MAKE BIG HAUL

New York, June 5.—Two robbers entering the jewelry establishment of the Schofield Manufacturing Co. on Nassau street, in the very heart of New York's business district today, secured a haul in the eyes of one of the proprietors and fled with a wallet said to contain \$200,000 worth of diamonds.

GREAT EXPECTATIONS

How much is expected of women in political affairs is shown

in the Missouri situation. The St. Louis Globe-Democrat, in commenting upon the unfortunate condition of party politics in that state looks forward hopefully to the day when women will have a full voice in politics.

If they are to clean up the dark political spots all over the country theirs is a great task.

SEEK TO MAINTAIN FEDERAL AID.

Based on the claim that the passage of the Townsend bill in congress would mean "the death knell to federal aid to the states" for highway construction, twenty-eight states are organizing concerted action to defeat the bill. These states, their own highway systems, favor rather than for the construction of a federal highway system under a national highway commission, as proposed in the Townsend bill.

THE OLD COMPLAINT.

Senator Moses in his plaint against the steam roller is making use of the old hue and cry. If the findings of the committee had favored his candidate nothing would have been heard about steam roller methods. Certainly all the facts go to show that Chairman Hays has made a most earnest and sincere endeavor to have the contest proceedings above suspicion of unfairness.

IT STARTED TOO LATE.

If there is to be an investigation of campaign expenditures by presidential candidates it should have begun weeks earlier. The taking of testimony is not half over. It refers to the greater number of candidates and the convention is at hand. There is no use making an inquiry in after convention days, for the purpose of Senator Borah in asking for the accounting will have been accomplished.

PAGE TWO AN EXAMPLE IN BRIEVITY

Congressman Rodenberg, who is to nominate Governor Lowden at the national convention will set a good example. The congressman says that it will take him only ten minutes to perform the important task which has been assigned to him. As Alabama is to yield to Illinois, in the roll call, this will be the first nominating speech.

Some such example is necessary for it is said that about 30 candidates are to be brought to the attention of the delegates, to say nothing of the seconding speeches. However, it is very probable that a reasonable limit will be placed upon all the speakers, for otherwise the convention would run thru many days instead of completing its business in one week.

Rippling Rhymes
By Walt Mason

THE ENIGMA

That monster of the western coast is now within the prison's gate; his wives, when counted, made a host, and he had murdered ten or eight. He married girls where'er he went, and you, on hearing this, will say, "He must have been a winning gent, who had a fascinating way." But no, he had a feline face, a wolfish mouth, a furtive air; as shy of beauty as of grace—yet he won brides most everywhere. The blooming damsels seemed to see in Bluebeard Watson things that charm; and when he said, "Will marry me?" They answered him, "You bet your arm." And so they decked themselves in white.

and with him sought the altar rail, and at the finish of the rite he butchered them and swiped their kale. And I could name a dozen lads, all loaded down with sterling worth, who've searched for brides in many grades, who searched in vain throughout the earth. I have no doubt the Bluebeard wives refused the hands of many men who have no blench on their lives, who are not headed for the pen, I cannot understand those maids who'll blithely marry unknown knives, of wolfish mien, who carry spades, with which to dig the ladies' graves.

CORRECTIONS.

Mention was made in real estate transfers yesterday of the transfer by master in chancery of lot 8 Ebey's addition to Nannie Blue, or a consideration of \$1850. This property is on South Clay avenue a short distance from the brook.

In an articles yesterday, referring to a visit of Bert Young and J. H. Hall, to the Cadillac factory at Detroit, it was stated that the factory is producing one car a day. The figures should have read 100 cars.

HERE FOR ILLINOIS

COLLEGE COMMENCEMENT

Raymond woods of the class of 1889, is in the city to attend the commencement exercises in Illinois College. He is a loyal Phi Alpha and also will attend the seventy-fifth anniversary banquet. Mr. Woods during his student days, was catcher for the college baseball team. He is being warmly greeted by his many friends.

Charles Read of Boulder, Colo., is a guest at the home of Dr. A. L. Adams, on West College avenue. He is the son of a well known surgeon resident in Boulder.

WELL KNOWN MILLING

MAN VISITED HERE

J. H. Hargett, general manager of the Robinson Milling company of Salina, Kans., was a business visitor in the city Saturday en route to New York City, Boston and other eastern points. Speaking of the crop situation Mr. Hargett said the wheat in Kansas looked fine only the acreage is smaller than in the past few years. He also said that farmers would have difficulty in getting help to harvest the crop.

PLAYS WITH SPRINGFIELD

Fred Shannon of the local colored Giants went to Springfield last night and will play with the Giants of that city today. The local team had a game booked with Mason City, but for some unknown reason it fell through.

O'CONNELL CASE IS CONTINUED

Hearing Will Not Be Had Until A Later Term of Court

The O'Connell murder case which was heard at the November term of court here and resulted in a jury disagreement, will not be tried at the present term. Mr. O'Connell, it will be remembered, was tried for the killing of Elwood Lent in Brown county near Versailles about two years ago. State's Attorney Vandeventer of Brown county was here recently and told the court that he was ready for trial of the case at this term. Judge Hartzell of Carthage presented an argument for a continuance and it was granted. The case will therefore not come to trial before the November term. Mr. O'Connell is now a resident of Jacksonville, having purchased property and moved his family here after the trial.

COL. EDWARD CAPPS TO DIPLOMATIC POST

Former Jacksonville Citizen is Named by President Wilson as Minister to Greece.

Jacksonville people will be greatly interested in knowing that Col. Edward Capps has been tendered appointment by President Wilson as minister to Greece. It is understood that no public announcement of this fact has been made in Washington, but the news came to Jacksonville in telegrams to Col. Capps' relatives and to Dr. Carl E. Black, who was associated with him in the work of the Red Cross commission sent to Greece in September, 1918.

Col. Capps has for a number of years been at the head of the department of Greek at Princeton university and is a personal friend of President Wilson. He has made a number of trips to Greece and spent several years in Athens and surrounding territory in research work. With his associates he made a most excellent record in his work for the Red Cross.

As American minister he will live in Athens and will have charge of the diplomatic affairs in which the U. S. is interested there. He will succeed Minister Dropers, who has been in the service for four or five years, having been appointed by President Wilson. He was a professor in an eastern college and undertakes the work in Greece.

Dr. Black said yesterday that there are 12 or 15 persons employed in the American minister's headquarters in Athens and that the building is just across the street from the home of Venizelos, the Greek d' mat who has several times been referred to by Lloyd George as the greatest diplomatic figure that the war produced.

VISITING IN KENTUCKY.

Henry Ward Pearson, who has directed the work of the Illinois Woman's College of Music the past year, is making a visit at Owensboro, Ky., where he lived and taught for some time. While there he expects to give an organ recital.

John Nordseik of Beardstown was among the Jacksonville callers yesterday. Mrs. C. M. Duer of Divernon is in Jacksonville to spend Sunday at the home of Mrs. Julia Holmes on West College avenue.

INDEPENDENTS WILL OPEN SEASON TODAY

Illinois Traction Team of Decatur Will Be Opponents—Park and Stands in Readiness—Line-up of Teams Given.

The baseball season in Jacksonville will be officially opened this afternoon when the Independents will clash with the fast Illinois Traction System team of Decatur.

Manager Smith has been faced with many disappointments this year. The weather has been such that it has been difficult to work on the new park and so many Sundays have passed without baseball.

Now, however, everything is complete and unless all signs fail this afternoon should be a fine one. If it is, there will be a large crowd for the opener as the fans are hungry for baseball.

The Illinois Traction comes touted as a strong aggregation. It numbers on its roster some of the strongest semi-pros in Decatur. They have only lost two games so far and these by a one run margin.

The Indies have not had a chance to practice together much because of the weather. However the team is in fairly good shape and will go into the contest with the determination of putting the opener on the winning side of the ledger.

The teams will line up as follows:

Decatur—C. Rushing, ss.; Morren, lf.; Trowbridge, 1b.; P. Redman, 3b.; Barber, cf.; Young, 2b.; Hiberling, rf.; B. Rushing, c.; T. Redman, Peterson, p. Indies—Flanagan, ss.; Ruble, 2b.; Fanning, or DeFrates, rf.; Briggs, 3b.; Grady, c.; Christopher, lf.; Riggs, cf.; Padgett, Hamm, Henderson, p.

All members of the team are hereby notified to report at the park at 1:45 o'clock sharp.

P. H. GRIGGS, Chiropractor

Will be in his office as usual beginning tomorrow, the injunction against him having been dissolved.

THE COMING SUNDAY SCHOOL CONVENTION.

The Illinois State Sunday school convention will assemble in Jacksonville June 15-17. This means that the city will have as guests 1,200 to 1,500 Illinoisans from other cities. They will come from every county in the state and when they leave they should carry with them the opinion of Jacksonville that her citizens have.

So as mayor of the city of Jacksonville I am heartily in accord with the belief of the executive committee that everything possible should be done to make the stay of these visitors pleasant. Citizens are asked to decorate their homes and places of business.

The Civic Pride league is preparing its plans for a continuous cleanup campaign in Jacksonville and it will certainly be a fine idea if this program can be especially stressed for the next ten days so that the visitors will find here the cleanest and most sightly city in Illinois.

No one can deny at this season of the year Jacksonville is especially attractive. The beautiful shade trees that line almost every street, the flowers and shrubbery that now flourishes in so many quarters and the well-kept lawns and boulevards combine to give an effect that is pleasing to every eye.

Let us all join in augmenting this spring time beauty by the special cleanup program and with the decorative idea that the committee has suggested.

E. E. Crabtree, Mayor.

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Aroline and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Carle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL
HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-Feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-Feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you. Seven a day for seven days—Wonderful results.

SECOND SESSION OF 66TH CONGRESS ENDED DSTURDAY

(Continued From Page One.)
November, was brought back before the senate early in February and final vote on its ratification was reached on March 19, after all efforts to bring about a compromise had failed.

Both houses later passed a joint resolution formally declaring a state of peace, but it was vetoed by the president and the house failed to muster the necessary two-thirds majority to re-pass.

The president vetoed three other measures during the session and none was passed over his veto, the legislative, executive and judicial bill, the measure to prohibit interstate shipment of obscene pictures and a bill to pay claims of certain persons in Alabama growing out of a flood of the Warrior river.

In addition to the war power measure, the president gave a "pocket veto" to the resolution repealing many of the special wartime laws and to a number of other minor measures.

Many investigations were conducted at this season than probably ever were undertaken at any other session in recent years. The five major war investigations started at the previous session were continued and in addition the senate conducted inquiries into campaign expenditures, the spread of Bolshevism, the railroad strike, the navy's conduct of the war, the award of naval medals, the print paper situation, shoe prices, Mexican affairs and many others.

The senate also authorized investigations of the federal trade commission and the Ford-Newberry election contest, but these have not yet been started.

The principal investigation of the house, aside from the war inquiries, was that into the sugar situation.

PENROSE WILL NOT ATTEND CONVENTION

PHILADELPHIA, June 5.—Senator Boies Penrose will not go to Chicago to attend the national

INCIDENTS ATTENDING MEXICAN REVOLUTION

Increasing and Exciting Episodes Which Attended Revolution Now Reported—Capital Cut Off From Communication for Nine Days.

Mexico City.—The revolution which overthrew President Carranza and culminated in his death was attended by many interesting or exciting episodes which could not be reported to the outside while the coup was in progress. Some of the episodes which have followed the installation of new authority in the capital city, too, have been entertaining.

Notable was that revealed by ad interim officials of the Treasury Department who announced they had found evidence of a fraud which had netted somebody an amount estimated at about 1,000,000 pesos. The paper here says that, when the inflexible (paper money with which the country was flooded) during the last previous revolution) were burned, about one-quarter of the amount officially reported to have been destroyed had been previously extracted and sold at the current rate of 10 centavos on the peso. The Carranza government had been taking the old paper money in as a sort of surtax on import duties and other taxes. Later, it was supposed to be burned.

While no disorders occurred in the capital during the evacuation by the Carranza government and the occupation by the liberal revolutionary forces, nor did public services cease functioning for an instant, the inhabitants of the capital were victims both of inconveniences and profiteers. Food prices increased and change, which had been the bane of everybody since silver began its sensational rise months ago, sold at 15 per cent premium.

The Indians who sell produce in the markets demanded metal currency and got it. Many foreigners, fearing a protracted struggle and a food shortage, laid in ample supplies. One American housewife bought 30 chickens which she put to roost in the bathroom of her apartment. She was too excited to heed the advice of the Indian woman who sold the fowls that she should buy ducks.

No News From Outside World.

The spectacle of a city of 1,000,000 inhabitants absolutely cut off from communication with the world for almost nine days was not the least interesting phase of the evacuation by Carranza. Both cable and telegraphic communication ceased about 9 p. m. on May 6. Until May 15 the cable lines were useless. An unreliable line was set up by the government to the American border in the afternoon of May 8, but it was devoted exclusively to military and outgoing business. Nothing was received from the outside world until the cable lines were restored.

Because of numerous relays and other wire troubles, those sending messages from the capital could not learn if their messages reached their destination. The same conditions obtained more or less throughout those parts of the republic distant from the border and the coast.

Foreign press correspondents filed stories on the national lines, trusting to luck that part of them might see print. As safeguards they left summaries with the military authorities for possible transmission by government wireless, filed other summaries with the cable company and still others with travelers leaving in attempts to reach the border.

LABOR BOARD ADJOURNS.

Chicago, June 3.—After a brief hearing this morning the United States labor board adjourned. It will meet tomorrow morning to hear E. T. Whittier representing the railroads present rebuttal testimony to the train dispatcher's case.

Springfield, Mo., June 3.—Judge John W. Cowan, aged 99, died at his home here today. He was the first white child born in Indianapolis, Ind., and was the oldest living graduate of Wabash college.

IT'S the man of farsight and vision that turns the conditions of today to his future advantage. The dollar of today looks mighty small in relation to its buying power and most of us are getting a sufficient number of those dollars to meet our current cost of living and few dollars over. But the days are not far off when that dollar will grow in purchasing power and when it does the dollars will not be so plentifully or generously circulated. The man who saves those little dollars now and puts them away in a safe Savings Bank will find they have grown tremendously in importance and usefulness when dollars are scarcer and when the spendthrifts and improvident have carelessly failed to conserve against future opportunity and need.

Now is the time to save—now while the dollars are easy to get. You cannot "eat your cake and have it too." So let's save the cake for a time when it will be most substantial and harder to procure.

Save those little 1920 dollars. They'll be mighty big dollars in 1925, or before.

ORDER INVESTIGATION OF TICKET SCALPERS

CHICAGO, June 5.—Street sales of tickets to the Republican convention were ordered investigated by W. H. Mager, collector of internal revenue today. Seventy five men were detailed to work under Chief Field Deputy T. J. O'Brien.

The federal law requires persons selling tickets in this manner to pay fifty per cent of the price received to the government.

Collector Mager said today that the sale of three tickets at \$300 each had been reported to him and that he intended to collect the government's share.

LITTLE PROGRESS MADE

Chicago, June 5.—Negotiations between G. A. Worrel, general chairman and the chairman of the Brotherhood of Railway Clerks on the Chicago & Northwestern railroad and officials of that line continued today with little progress. No reply was received during the day from E. H. Fitzgerald, acting grand president of the brotherhood to a request that he authorize a strike vote.

LOWDEN CALLS OFF VISIT TO OTHER CANDIDATES

Chicago, June 5.—Governor Frank O. Lowden will not make his proposed call on the other presidential candidates today. The governor contracted a rather severe cold on Memorial day and while much better his physicians would not authorize his leaving his apartment. He plans to meet the newspapermen later in the day in his rooms, however.

WILL INSTITUTE GRAND JURY PROCEEDINGS

Chicago, June 5.—Charles F. Clyne, United States district attorney, announced tonight that he would institute federal grand jury proceedings against officers of a government bonded warehouse here for their alleged refusal to produce books and records demanded by the government in its investigation of the recent disappearance of liquor valued at \$500,000 from the warehouse.

"Our investigation cannot proceed until these books are made available," said Mr. Clyne.

REPORTS THAT WILSON HAD SUFFERED RELAPSE UNFOUNDED

Philadelphia, June 5.—Reports that President Wilson's condition has taken a turn for the worse were denied today by Dr. Francis X. Dercum of this city. He said: "They are silly rumors. When I last saw the president, he was in such good condition I did not think it necessary to return to see him."

CHEAP

Look up the word "cheap" in your dictionary. It has many meanings. Most people believe that anything which is called "cheap" is an inexpensive thing. Not on your life. A suit of clothes of "cheap" (poor) material is a costly purchase. Good clothes are "cheap" (inexpensive) because they always look well and they last a long time. A summer suit is regarded by many as a thing to be bought at the "cheapest" (lowest) price possible. This is wrong. The suit is not always cool. It will not wear well. It never looks well. You will have to buy three where you would buy one good one. We make GOOD clothes only of Standard Mohair and Poruscloth. They are the best in the world. When you buy, buy intelligently. It is just as important to buy carefully as it is to labor for what you earn. It is just plain common sense. Forget this "cheap" idea. Look up the word "cheap." You will learn something.

CHURCH WEDDING AT WINCHESTER SATURDAY

Miss Orpah M. Knapp becomes bride of Arthur A. Vinyard of Washington, Pa.—Boy Meets with Painful Accident—Other News Notes.

Winchester, June 5.—A very pretty wedding was solemnized at 8 o'clock Saturday night at the Methodist church, when Miss Orpah M. Knapp, only daughter of Mrs. Florence Slagle, was married to Mr. Arthur A. Vinyard, of Washington, Pa. The ceremony was performed by Rev. C. W. Caseley, the impressive ring service being used.

The bridal party entered the church to the music of Lohengrin's march with Mrs. J. W. Eckman at the organ, and the strains

Helping Class Met

The members of the Helping class of Hebron church were entertained Thursday afternoon at the home of Miss Anne Mae Wilson. There was a good attendance of members and several guests, including Mrs. John Hunter and daughter, Mrs. Charles Sample, Miss Opal Brown, all of Jacksonville.

The program began with the call to order by the president, after which the hostess read the Scripture lesson. All the class joined in the Lord's prayer and roll call was responded to by patriotic quotations. A reading by Mrs. Kate Brown was much enjoyed.

Plans were made for the ice cream and strawberry social which the class will give June 15. After the program and business session a social hour was enjoyed with refreshments. The next meeting will be held with Mrs. Chester Wilson on June 17.

SPECIAL MEETING.

Rev. E. E. Violett of Kansas City has been engaged by the Central Christian church to hold an evangelistic meeting beginning about October 5 and continuing for one month. Mr. Violett is one of the most able pastors-evangelists in the Christian church and great preparations are being made for a successful evangelistic meeting in the autumn.

WAVELY MAN LOSES BIG SUM AT STATION

Richard Cox, Waverly, lost \$1,900 in cash and notes totalling \$250 at the Union station yesterday, according to his report made to the police. Cox was just boarding a train for home when he noticed that his purse, containing the money, was missing. A 15-year-old boy and a grey-headed man were said to have been seen counting a large sum of money. No arrests had been made at a late hour last night. Waverly Journal.

L. S. D. FIELD DAY

The annual field day of the State School for the Deaf was held yesterday and was in every way a successful event. A great many of the pupils took part in the program of games. Refreshments were sold, and the event was thoroughly enjoyed. At night pupils and their friends saw the "Wizard of Oz" in films.

MR. SPRUIT TO HAVE TEACHING WORK

C. Spruit, who has for a number of years been a valued member of the faculty of the State School for the Deaf, will retire from service at the close of the Mrs. Spruit and their daughter, Miss Marian, are to spend the present school year. Mr. and Mrs. Spruit have been teaching in the deaf school for many years. Mr. Spruit has been a teacher of the deaf for nearly forty years and will leave the work with a splendid record.

FRAMING PLATFORM TO PLEASE ALL FACTIONS WILL BE DIFFICULT JOB

(Continued From Page One.)

"I will be on hand every minute of the time and I hope to make my presence felt," said the senator. "I am growing happier and more hopeful with the passing of the hours."

When asked concerning his idea of the length of the convention, Senator Johnson said:

"I can see no obstacle that would prevent the finish by Saturday night. The only light that I can anticipate is on the platform and the only plank in the platform that there probably will be a fight on is that concerning the attitude of the convention on the league of nations. I do not anticipate that that will last long."

Johnson Mum on League

When asked if he would accept the nomination with a platform endorsing the league of nations covenant with reservations, Senator Johnson said:

"I will cross that bridge when I come to it."

It was explained to the senator that during his morning conference he was understood to have said that he would accept the nomination on a platform containing the endorsement of the league of nations covenant, but with the Lodge reservations attached. His answer was:

"I will cross that bridge when I come to it."

A platform plank pledging the party to a constitutional amendment limiting the president to one term of four or six years will be offered to the resolutions committee by Governor Lowden.

The plank prepared by the governor also proposes that cabinet officers who seek the presidency must first resign from the cabinet. A president, the governor said today, could accomplish more good in one four-year term if he were not considering political expediency and measures to win renomination, than in eight years under the present system.

There would be no objection, he added, to an ex-president seeking a second term after being out of office a term or longer, as there could be no suspicion that a political machine built up while in office was being used to perpetuate his administration.

A single term for the president was particularly desirable at the time, the governor said, for the reason that "the man elected this year, if he does his full duty, will have to do things unpopular with the people in politics, and others."

Governor Lowden said he had nothing further to say that Missouri case, where delegates were charged with taking money from his campaign manager. He said the case was now a closed incident, and made no comment on Senator George H. Moses' charge that the Republican national committee was using a "steam roller" in his behalf.

General Wood expressed himself as being thoroughly satisfied with the situation.

"I am thoroughly satisfied," said General Wood. "We have a hard working, harmonious staff and reports are good. I will stay here until Monday night and then retire to a near-by hotel."

"I have nothing to complain of at the present time," Lowden Will Remain

Governor Lowden has recovered from the illness which confined him to his rooms. Today he advised his campaign managers he would remain in Chicago so long as his presence was needed. It is probable that he will not return to Springfield until the middle of the week or later.

With the arrival of the Massachusetts delegation tomorrow headquarters for Governor Coolidge will be opened by James B. Reynolds, former secretary of the Republican national committee.

"Governor Coolidge is not seeking the presidency," said Mr. Reynolds. "He has said that he is not a candidate, but his friends and admirers everywhere have insisted upon working in his behalf."

"Governor Coolidge is neither a dark horse candidate nor a compromise candidate."

TO ATTEND CONVENTION.

Mr. and Mrs. John J. Reeve are to leave this morning for Chicago to attend the Republican national convention. Mrs. Reeve as chairman of the twentieth congressional district women's organization will serve on the reception committee at the Congress hotel and will attend several conferences of women. County Treasurer Grant Graff is another Jacksonville citizen who will leave today for Chicago to attend the convention.

Mrs. Edward Clifford and son, Bobby, of Evanston, are in the city for a visit of several days with Mrs. Clifford's parents, Mr. and Mrs. E. C. Lambert.

David Pires and wife of Chicago are in the city for a visit with the former's mother, Mrs. Antonio Pires, and sister, Mrs. J. A. Goes, on Pine street.

HOOSIER

SAVES MILES OF STEPS

Two Million Women Have Voted for the HOOSIER

Two million American women have recognized Hoosier superiority and have installed this woman's emancipator in their homes.

These same two million women have helped to make the Hoosier a better kitchen cabinet. For twenty-one years they have given us the benefit of their experience with it.

Literally thousands of suggested improvements have been offered by Hoosier users. All of them have been tried out in actual use. It is safe to say that every suggestion that has ever been

made concerning kitchen cabinet construction has been actually tried by us.

The best are now embodied in the Hoosier. The rest—no matter how alluring they may have seemed on paper—failed under the test of actual use. There is no place in the Hoosier for anything that does not actually lessen the time a woman must spend in her kitchen—and lighten her work while there.

Visit our store—sit in front of a Hoosier Cabinet—and let us explain its many advantages to you.

MRS. MARY ALEXANDER DIES IN CHICAGO

Funeral of Long Time Resident Will be Held Monday—Deceased was Ninety-Six Years Old.

Word has been received of the death Friday of Mrs. Mary Alexander in Chicago. The remains are to arrive in the city Monday morning and funeral services will be conducted in J. G. Reynolds' chapel at 2 o'clock Monday afternoon.

Mrs. Alexander was 96 years of age at the time of her death. She was the widow of the great cattle king, the late John T. Alexander, for whom the town of Alexander is named. For a long time the family had their home there. Mr. Alexander bought of George Wilson the white brick property now owned by Otto May and lived there awhile and then returned to the country. He died in 1876. Mrs. Alexander was a sister of the late Samuel Deweese and the mother of eight children. Two of the sons are John T. and William D., both of Chicago. She has one daughter, Mrs. Deweese now living.

Mrs. Alexander was a lady of noble qualities and reared a family to do her honor. She was a consistent member of the Christian church and faithful to her death.

WEST SIDE ART CLUB

Mrs. Mary Pyles was hostess Friday to the West Side Art club. She was assisted by Mesdames Judith Barnett, Medora Clark and Eliza Waggoner. After the business session refreshments were served. Among the guests were: Mrs. Hattie Spencer Beecham, Chicago; Mrs. Victoria Spencer Brown, Chicago; Mrs. Minnie Smith, Peoria; Miss McCarter Hadley, Miss Katherine Hayden and Mrs. Clementine Herald Williams. The next meeting will be held with Mrs. Emma Williams, June 11, who will be assisted by Louana Watson, Lela Ross and Anna Cummings.

The Board of Free Kindergarten will meet Monday at 3 o'clock at the Public Library. Every member is urged to be present. This is the last meeting of the year and there is much important business.

L. O. O. F. MEMORIAL SERVICES JUNE 13

Plans are practically complete for the annual memorial services of the Odd Fellows and Rebekahs. The services will be held in Grace church at 10:45 o'clock Sunday morning, June 13. Rev. T. H. Tull will deliver the sermon.

DR. P. H. GRIGGS RETURNS TO CITY

Dr. P. H. Griggs returned yesterday from East St. Louis, where he has been spending the last three weeks.

He received a message yesterday from H. N. Mettler, a chiropractor of Rock Island, conveying the information that the injunction recently granted, had been modified. The modification, according to the message, permits chiropractors to practice their profession but prohibits them from paying any money into the association.

Dr. Griggs also received another message Saturday evening to the effect that the injunction was dissolved as to the individual chiropractors and only holds against the association. He stated that he expected to again open his office for practice Monday.

MISS ANDERSON IS MARRIED IN ST. LOUIS

Daughter of Mr. and Mrs. W. H. Anderson Married to John Russell of Havana in St. Louis Saturday—Will Reside in Havana.

Mr. and Mrs. W. H. Anderson received a telegram Saturday afternoon announcing the marriage of their daughter, Miss Nellie Anderson, to John Russell of Havana. The ceremony was said in St. Louis.

The family and friends of Miss Anderson knew of her engagement to Mr. Russell they had no intimation when the wedding would take place, and the announcement came as a great surprise.

The bride is the daughter of Mr. and Mrs. W. H. Anderson of East College avenue. She was born and reared in this city and received her education in the local schools. She is a member of the Church of Our Savior and a young woman whose charm of manner had won for her a wide circle of friends.

The groom is a resident of Havana and is employed as a brakeman on the C. P. & St. L. railroad. He is a young man who commands the respect of all who know him.

Mr. and Mrs. Russell will begin housekeeping at once in a bungalow already prepared by the groom in Havana. They will have the best wishes of their friends for a long and happy married life.

A PLUCKY LITTLE SWAN.

A few days ago at Nichols park a mother swan brought off one little creature and Supt. Hopper hardly had a place fixed for the small family so thought he would put the new arrival with the other swan who had three babies in a special pen prepared but the naughty mamma refused to mother the little newcomer. Mr. Hopper thinks she must have taken it in her bill and landed it outside the wire fence as the little creature, only a day old, managed to swim to the upper side of the lake quite a distance away and joined its mother, who now takes it about on her back. The father swan is also unkind to the little one, but Mr. Hopper means to try to save it somehow though it will be quite a task to make another pen like the one now used by the other bird. There is danger from turtles if the little one is not kept in.

All Old Employees Have Been Notified—Supt. Imgrund Expects That All of Them Will Return to Jobs.

The Chicago, Peoria & St. Louis shops will reopen tomorrow after being closed for about four weeks. During the time the shops have been closed many of the employees have gone elsewhere and obtained work.

George W. Imgrund, superintendent of the shops, said last night that all of the employees had been notified of the reopening of the shops. He said that some in nearby places had already returned home. He believed that nearly all of the men would return to their work here.

The reopening of the shops will be welcome news to citizens of Jacksonville. The shop's payroll runs close to \$20,000 per month and this is quite an item in the business life of the community. In addition to this is the fact that many of the men who own property here and all are citizens of the most desirable type.

DEWEY MUTCH MEETS DEATH BY DROWNING

Illinois College Student Drowns in Lake at Nichols Park—Was Prominent in Athletics at School—Body Recovered Four Hours Afterward.

Dewey Mutch, son of Mr. and Mrs. J. T. Mutch of Hardin avenue and a member of the Junior class at Illinois college, met death by drowning in the lake at Nichols park about 3:45 o'clock Saturday afternoon. The body was not recovered until 8:30 o'clock Saturday evening.

Saturday afternoon a number of students from the college went to Nichols park for a swim. They had completed their swim and were ready to start back to the city when Mutch, Ramsey Andrew and Bernard Frazier arrived at the lake.

Mutch borrowed a bathing suit from one of the students and went into the water with Andrew and Frazier. They decided to swim across the lake. Frazier got across and was sitting on the bank waiting for Mutch and Andrew.

When about half way across Andrew asked Mutch, who was not a very good swimmer, if he was getting along all right. Mutch replied that he was getting tired. Andrew then took hold of Mutch and was assisting him. Further on Mutch began to lose his strength and clasped his arms around Andrew's neck. Andrew broke the hold and called for help. Mutch immediately went under the water and did not come again to the surface.

Attempts to Recover Body.
Frazier entered the water and assisted Andrew, who was exhausted. Immediately upon getting Andrew to safety Frazier went to the point where Mutch had gone down and dived repeatedly but could not reach the body.

Others present ran to the refreshment booth and telephoned to the fire department. D. N. James took Chief Hunt and Chief Kiloran to the park in his car, Chief Hunt taking the lungmotor along.

Grappling hooks were also procured and a large force of men worked until 8:30 o'clock Saturday night before the body was recovered. It was found a little to the north of where Mutch had gone down.

The tragedy is one of the saddest that has occurred in the city in years. Saturday was Mutch's birthday, he being just 22 years of age.

Prominent as Athlete
During his years at school Mutch has been one of the most popular members of the student body. He was prominent in athletics and was one of the best athletes the college ever produced.

Always in perfect physical condition he commanded the respect of the coach and the members of the teams on which he played, and was always giving the best in him for the honor of Old Illinois, caring but little for personal glory. He was a member of the football, basketball and track teams and did splendid work on all of them. He was a member of the Phi Alpha society.

Andrew and Frazier were heartbroken over the death of Mutch. The three were close friends and Andrew did everything he could to save Mutch's life, nearly losing his own in the endeavor.

C. Dewey Mutch was the son of John T. and Frances Isabelle Jackson Mutch, and was born in Murrayville, June 5, 1898, being just 22 years of age on the day of his death.

He received his education in the Murrayville public schools and then entered Illinois college. Recently the family removed to this city and resided at 121 Hardin avenue.

Besides his parents he is survived by three brothers and one sister, Robert Eugene, Floyd O., Orvel and Alma F. Mutch. The body was removed to the undertaking parlors of W. W. Gillham and prepared for burial. Coroner Rose was notified and will hold an inquest this morning at 10 o'clock.

Arrangements for the funeral will be announced later.

ALUMNAE REUNION IS HELD SATURDAY

Event Held in Academy Hall With Large Attendance—Interesting Paper by Mrs. Constance Barlow Smith—Officers Elected.

The first event of the Illinois college commencement was the annual reunion of the alumnae association of the athenaeum, academy and conservatory, which took place at Academy hall Saturday afternoon at 3 o'clock.

The organization of this reunion was in the hands of the officers of the association:

President—Mrs. Evelyn F. Brown.
Recording secretary—Miss Hazel Belle Long.
Treasurer—Miss Eleanor Moore.

The arrangements were carried out with the efficient help of Miss Emma Reynolds, Mrs. Frances E. Brown and Miss Lucille Bennett and their committees.

Gorgeous peonies and baskets of exquisite iris and lilies, gifts of several members, formed tasteful decorations for the stage of Recital hall and made an effective setting for this glad occasion.

A business meeting preceded the program, greetings from absent members were read, reports given and the following officers elected for next year:

President—Miss Effie Epler.
Vice-president—Miss Ellie Traub.
Recording Sec'y—Mrs. Sarah Frankenberg Epler.
Treasurer—Miss Mabel Forrester.

A beautiful tribute to Mrs. Anna Thompson Brown, prepared by Mrs. Mary Carriel, was read by the president.

In introducing the ladies, who appeared on the program, the president gave a short and interesting talk, reminiscent of her school days at the athenaeum. Many graduates have gone out from these three schools and achieved distinction that has brought honor to themselves and to their Alma Mater. Among these are the musicians who gave a most interesting and delightful program.

Miss Alma Forsythe, who has been engaged in concert work during recent years, played a brilliant solo for violin, Scherzo and Tarantelle, by Wieniawski. Miss Forsythe has not played in Jacksonville for five years, and her friends were delighted to hear her again. She was accompanied by Mr. William E. Kritch. As an encore she played Viennese Melody, by Kreisler.

Mrs. Constance Barlow-Smith read a charming paper on the conservatory in its beginnings, with particular reference to her father, Prof. Barlow, and uncle, Mr. Isaac Posznanski their work as teacher and artist, here and abroad. The personal note thus introduced combined with the historic spirit of her writing produced an atmosphere that delighted her audience and gave to the college invaluable data.

Mrs. Helen Brown Read, with Mrs. Helen Ayers Bullard at the piano, gave a group of songs which closed the formal part of the program. A Blanket of Doe, by Cadman. The Last Hour, by Carman, two songs by Miss Annie Jackson and a negro spiritual formed a pleasing and varied group. She was heartily encouraged and sang, Bon Jour Mabelle. As always Mrs. Read delighted her hearers with her art.

A social hour during which refreshments were served, concluded the reunion.

REGINA
THE QUEEN OF ALL
VACUUM CLEANERS
MRS. HOUSEWIFE
Is your home kept clean and sanitary with a REGINA CLEANER?

Doubtless you wonder why a Regina is a queen, principally because of the Floating brush feature—which is not the old-fashioned brush that has been wrecking rugs and carpets for years but has been built and designed by scientists to clean and protect your rugs and carpets.

If the nap is long the brush will run high, on short nap carpets the brush will run low, the automatic adjustments does away entirely with friction, thereby protecting your carpets.

The floating brush being equipped with fibre sections sends a displacement of air over and under the brush, keeping the brush clean and free from the cotton, threads, lints, and all rough particles, which it sweeps into the bag.

The floating brush turning always in the opposite direction, gently agitates the nap, being always in advance, paves the way for the suction, making the cleaner 100 per cent efficient.

FORMER RESIDENT IS
INTERRED AT VIRGINIA

Remains of late Judge J. Frank Robinson of Houston, Texas, buried Thursday—Barn on Ross Farm Burns—Other Virginia News Notes.

Virginia, Ill., June 3.—The remains of the late Judge J. Frank Robinson of Houston, Texas, were brought to this city today over the B. & O. S. W. from St. Louis, where death occurred June 1, following an operation. Immediately on the arrival of the funeral party the remains were

conveyed to the Church of Christ, where funeral services were conducted by Rev. C. E. French, pastor, assisted by Rev. Max B. Wiles, in the presence of a large gathering of friends and relatives.

The bearers were members of the local A. F. & A. M., and the services at the graveside were conducted by that order.

Mr. and Mrs. Arthur Black of Peoria will arrive tomorrow for a visit at the home of Mr. and Mrs. Frank Redding.

Miss Josephine Saller departed Saturday for Geneva, Ill., where she will be employed as matron at the Geneva Training School for Girls.

Philemon Stout remains in an unimproved condition.

Lightning struck the barn on the Wm. Ross farm east of town during the storm Friday night, burning the barn and contents and adjoining sheds. The fire was discovered in time to rescue four head of mules and some harness. The remainder of the contents, consisting of 200 bushels of corn, implements and wagons, was destroyed. The loss was total.

Mrs. Duncan Reid and sons of Pana were week-end guests of her son, Stuart Reid, and family.

Joe Hall of Taylorville spent Sunday in this city calling on old friends.

Henry Easum of Mt. Sterling is the guest of his sister, Mrs. Martha Gore.

Mrs. C. C. Catlin of Springfield spent Tuesday in this city.

Howard Ivey and wife of Peoria were week-end visitors here.

The Virginia ball team played the game very close, the score being 11 to 9 in favor of the visiting team. Virginia will play Chicago Sunday, June 6.

Mrs. Orlan Beach and mother, Mrs. Mare, of St. Louis, completed a visit with relatives here and left for Canton Monday, where they will visit a few days before their return home.

Miss Mae Maddox of Sugar Grove is a patient at a Springfield hospital.

Mrs. Chas. Arthallong, residing east of town, was adjudged insane and taken to Jacksonville hospital Thursday for treatment.

Miss Anna Thompson of Jacksonville is the guest of friends here this week.

Mrs. J. R. Sligh arrived home Wednesday from a visit with relatives in Mt. Sterling, Ill.

Mr. and Mrs. E. L. Clark of Jacksonville spent Sunday in this city.

Jack Mullen, janitor at the court house, was taken to Springfield Thursday evening, where he entered a hospital for an operation.

Miss Anetta Deutsch, of Chandlerville, were the guests of the former's sister, Mrs. Frank Long, Tuesday.

Mrs. Frank Black of Peoria is here, called by the illness of Mrs. Leona Walker, who is seriously ill at the home of her daughter, Mrs. Albert Coleman, north of town.

Miss Kathryn Irvine is spending the week in Beardstown.

Mr. and Mrs. E. J. Huff and family and guests, Mr. and Mrs. W. P. Hines, of Wichita, Kan., motored to Gerard and spent Sunday.

Mr. and Mrs. Earl Smith were Thursday Springfield visitors.

Mrs. J. T. Sullivan and son of Springfield were calling on friends here last week.

Geo. Martin of Chicago is the guest of her brothers, Judge E. and W. R. Marling, of this city.

Misses Miran and Pauline Lykes, who have been attending school at Lynchburg, Va., the past year, are home to spend the summer with their parents, Dr. and Mrs. A. R. Lykes.

Obituary

Nellie May Story, second child of A. T. and Laura Story, was born in Murrayville, May 21, 1894, where she spent the most of her life. She was united in marriage with R. S. Rodarmel, March 6, 1915, at Milwaukee, Wis. To this union was born one child, a son, Raymond Stanley, now three years of age. Nellie was of a cheerful disposition, her kind-heartedness reaching out to everyone with whom she came in contact, and like the Saviour, went about doing good. About two months ago she went to Detroit, Mich., to the home of her sister, Lee Mellor, for an indefinite stay, going from there about two weeks ago to Wausau, Wis., to visit in the home of a friend where she was taken suddenly ill of acute indigestion, which resulted in her death, May 31, 1920, at 11:30 p. m., being 26 years and 10 days of age.

Surviving to mourn her loss are her little son, her father and mother, now of Jacksonville; three sisters and two brothers, namely, Alma, wife of Emory Thady of Murrayville; Lucy, wife of Lee Mellor of Detroit, Mich.; John, Bessie and Harold at home, and the aged grandparents. A host of relatives and friends. Thus ends a life in fullest bloom. So let us hope that our loss is her gain.

The remains arrived at Jacksonville, Ill., over C. & A. at 7:20 p. m., June 2, and were taken to the home of her parents, and on Thursday were taken to Murrayville, where the funeral services were held at the Baptist church, Rev. W. R. Johnson having charge of the services. The pall bearers were, Harry and Jess Harwell, Benny Worthall, James Myers, Len Crouse and Otto Finch. Cousins cared for the flowers, namely, Misses Ethel Blimling, Sadie Henry, Oma and Ruth Stowmat. Burial was in Murrayville cemetery.

ASBURY SUNDAY SERVICES. The preaching service begins at 9 o'clock, subject, "The Laws of the Harvest." Sunday school follows at 10 o'clock. All the people of Asbury neighborhood, regardless of creed or denomination, are cordially invited to attend these services.

MEMORIAL SERVICES
AT CONCORD CHURCH

Principal Address Was Made by Judge Martin of Virginia—J. N. Smith of Cass County Visits Friends in Concord—Other Items.

Concord, June 4.—Memorial services were held at the First M. E. church Sunday evening at 7:30. The principal address was given by Judge C. A. E. Martin of Virginia, who was introduced to the audience by Bert Way who was chairman of the day. Judge Martin spoke in part of "Monuments." The soldier dead leave behind them a monument in the shape of a life spent in the service of their country. Every person who lives a life of service for some good purpose leaves a lasting monument. Judge Martin is a speaker who not only pleases his audience, but gives them food for thought as well. Splendid music was furnished for the occasion. The audience sang America and Onward Christian Soldiers. Seven boys sang "The Bright Starry Flag." In a very pleasing manner. A duet by Mrs. Webb and Miss Alma Yeck, and a quartet by Mrs. F. M. Doherty, Miss Alma Detering, Bert Way and C. O. Bayless were both rendered in splendid style. The opening prayer was by C. A. Middleton, pastor of the Christian church. Rev. Mr. Yemm gave the benediction. The service was largely attended, some from Jacksonville, Meredosia, Arenzville and other points being present. After the service at the church the march to the cemetery was taken. The soldiers' graves were then docketed with flowers and marked with a suitable flag. A number of young ex-soldiers in uniform were present. The committee on arrangements for next year was announced by the chairman as follows: N. C. Caldwell, C. O. Bayless and Spencer M. Smith.

Mrs. Mary A. Hamm and other relatives are receiving a visit from I. N. Smith of the north-east part of Cass county. Mr. Smith was born 72 years ago in the city of Beardstown, and was the son of the late Larkin B. and Nancy Jane Smith. Mrs. Smith died when her little son was only about a year old. The father was married a second time to Miss Goodpasture, who lives on the Smith farm northeast of here with her son, Lewis. She will be 95 years of age one this month and is the oldest resident in this vicinity and may reach the century mark. Mr. Smith has two sons and two daughters, one daughter holding a responsible position in the U. S. treasury office at Washington, D. C. Mr. Smith visited the writer on Thursday and took dinner with us and talked over old times. He wished to hear of his and our uncle, Captain Isaac Nash, who died some time ago in Springfield, Iowa, when almost 90 years of age. Mr. Smith's mother was a sister of Capt. Nash.

FARM LANDS

Now with the coming of settled weather and good roads we are ready to "go some more." The following farms are just now listed and are being first offered for sale.

(a)—160 acres, three and one half miles from a good Morgan county town, convenient to church and school, public road on two sides and in a splendid neighborhood. There are 100 acres of black land a little rolling land just at the barn where you need it. New house, large horse barn and other outbuildings. Price \$250 an acre.

(b)—A splendid farm of 220 acres straight south of the city, nearly all level farming land in high state of fertility, well fenced, and all in grass but 40 acres. A good two story house, large horse barn, hog barn and other outbuildings. Price \$190 an acre.

(c)—320 acres four miles from town, well improved, for \$150 an acre. Will consider some city property in exchange.

(d)—80 acres two and one half miles from town. \$45 an acre.

CITY PROPERTY

(a)—In the third ward we have a five room cottage with gas and electricity, paved street, deep lot. \$1600.

(b)—In the third ward a six room house, gas and water inside, garage and chicken house. This is a beautiful home for \$3600.

(c)—In the second ward there is a splendid house of eight rooms, large lot, east front, barn and garage. Fine location. Price \$6000.

MONEY

We are listing money to lend every few days. Let us know how much you can use.

MAVERICKS

As a reporter Mr. Bryan is a good politician.

Sorry we don't live in Missouri. Political fixing in that state seems to be a profitable business.

One would think that Senator Jim Reed never heard of any money being spent in political campaigns.

However, we would make a bet that it would take a great deal more than \$40,000 to elect Senator Reed to any office in Missouri.

There are several campaign managers who are going to have their reputations as prophets blasted within the next few days.

Two ducks up at Glen View, according to dispatches, got drunk on silo sediment and running amuck bit a policeman on the chin. It is probable the policeman was asleep, else such a

thing never would have happened.

The present price of gasoline is justified, according to the federal trade commission. It is too bad the kind that will be distributed in Chicago the next few days can't be utilized.

Wonder What He Said

The umpire in the baseball game between the University of Illinois and the University of Ohio, played at Urbana a few days ago, put an Ohio player out of the game for using critical language. We never heard a ball player use that kind of language to an umpire.

A Bloomington Pantagraph headline says, "Palmer Made Sweet Mess of Sugar Markets." We'll agree that he made a mess of it, all right, but the taste left in the mouths of most consumers is a long way from being sweet.

The Good Old Days

In the good old days one could get a glass of beer and two roast beef sandwiches for a nickel. Now one can't get a glass of beer at all and two roast beef sandwiches of ordinary quality costs ten cents apiece.

A soap manufacturer contributed \$500,000 to General Wood's campaign fund. We presume that would be called a case of soft soaping the public.

If we had the campaign fund we wouldn't want to be president. G. W. D.

NEW FACULTY MEMBER FOR WOMEN'S COLLEGE.

President Harker announces the engagement of Mrs. Marguerite Forrest, a lyric soprano, to be a member of the College of Music faculty the coming school year. Mrs. Forrest is a woman of exceptionally thorough training. She studied five years in New York with Francis Powers, and toured the west with him in concert. She studied in Boston and in Germany with Wilhelm Heinrich. While she was doing concert work in Germany she studied at length in Dresden; she also spent two years at Florence, Italy, studying with Maestro Sulli where she was trained for opera work. She had two successful years in Florence and Perugia. She returned to America in 1911 and devoted herself almost entirely to concert work, opening a studio in New York City where she taught for some time. From there she went to Ward Belmont School Nashville, and comes to Jacksonville from this college.

Mrs. Forrest is a woman of magnetic personality, is a most enthusiastic worker, and a rarely popular teacher. Mrs. Forrest takes the place made vacant by Miss Lazelle. Her work as a singer has been so good that she has been in great demand in Nashville for most of the high grade musicals of the city.

CAR STORAGE

Convenient, dry and safe—that is what we have provided in the remodeling of our big building. In the old days of the horse-drawn vehicles large space was required, and it had to be convenient, dry and safe. In that respect there has not been a great deal of change except that vehicles now move under their own power.

We have provided "live" and "dead" storage—storage for the automobile that is not to be used for a period of time, and for the car that is likely to be used at any moment.

In addition to cars being kept in a dry and safe place, the convenience of the location, its accessibility, is to be considered.

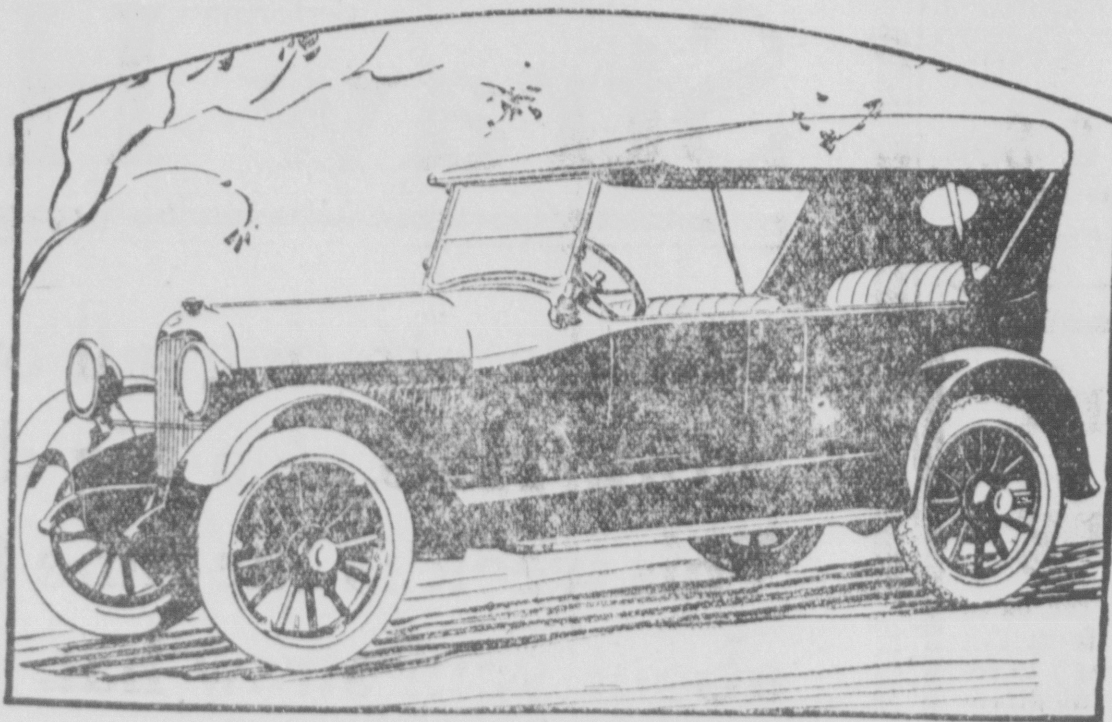

We are but one block from the square, on North Main street. Drive in and park your car and go about your business without thought or worry. Car washing a specialty.

COLLEGE OF SURGEONS ORGANIZED IN STATE

Dr. Carl E. Black Elected President for Illinois Division—Purposes Explained.

A few days ago there was a meeting in Chicago of the Illinois representatives of the American College of Surgeons for the purpose of organizing the Illinois Division. This was in accordance with the new plan of the American College of Surgeons to organize a division of the College in each state and province. In fact each of these sub-divisions will be in miniature a complete College of Surgeons and will hold an annual clinical congress and will carry out a full three days clinical program with addresses, papers and clinics by the members and their invited guests.

This Chicago meeting was for the purpose of organization. The plan was adopted as recommended by the central body and Dr. Carl E. Black of this city was elected president and Dr. Charles E. Kehlik was elected secretary. These two with Dr. O. L. Peters of Elgin constitute the executive committee which will be charged with the details of making arrangements for the first Illinois Congress which will be held in one of the cities of central Illinois during November this year.

To Standardize Surgery. The primary purpose of this organization in addition to the regular professional and scientific work on which the successful practice of surgery is based, is to standardize and improve surgery. As most of the work of surgeons is done in the various hospitals it was soon found that in order to standardize surgery it would also be necessary first to standardize the hospitals. For several years the College has been making a systematic investigation of all the hospitals in the United States and in order to secure information on which to base standardization.

This work has been assisted by a contribution of \$105,000 from the Carnegie Corporation. In 1918 all the hospitals of one hundred beds or more were visited and the data secured, and during this year all the hospitals of fifty beds or more are being visited. Of course this is an entirely voluntary work which seeks to exercise no authority over the hospitals but only to induce the hospitals to adopt standard methods of organization and work. In order to become a standard hospital in the sense adopted by the College of Surgeons it is necessary for the hospital to adopt what is known as the "minimum standard," which means:

1. That physicians and surgeons be organized as a definite group or staff. Such organization has nothing to do with the question as to whether hospital is "open" or "closed," nor need it affect the various existing types of staff organization. The word staff is here defined as the group of doctors who practice in the hospital inclusive of all groups such as the "regular staff," the "visiting staff" and the "associate staff."

2. That membership on the staff be restricted to physicians and surgeons who are (a) competent in their respective fields, and (b) worthy in character and in matters of professional ethics; that in this latter connection the practice of the division of fees, under any guise whatever, be prohibited.

Other Rules.

3. That the staff initiate and, with the approval of the governing board of the hospital, adopt rules, regulations, and policies governing the professional work of the hospital; that three rules, regulations, and policies specifically provide:

- (a) That staff meetings be held at least once a month. (In large hospitals the departments may choose to meet separately.)

- (b) That the staff review and analyze at regular intervals the clinical experiences in the various departments of the hospital, such as medicine, surgery and obstetrics; the clinical records of patients, free and pay, to be the basis for such review and analysis.

4. That accurate and complete case records be written for all patients and filed in an accessible manner in the hospital, a complete case record being one, except in an emergency, which includes the personal history; the physical examination, with clinical, pathological, and X-ray findings when indicated; the working diagnosis; the medical progress; the condition on discharge with final diagnosis; and, in case of death, the autopsy findings when available.

5. That clinical laboratory facilities be available for study, diagnosis, and treatment of patients; these facilities to include at least chemical, bacteriological, serological, histological, radiographic, and fluoroscopic service in charge of trained technicians.

AGED WOMAN HANGS SELF. Stevens Point, Wis., June 5. Mrs. Antonina Wodarski, aged 70, today climbed a tree at the rear of her home, fastened a rope around one of its limbs and hanged herself. Ill health was said by her son to have prompted the act.

Ben Davenport of Alexander was attending to business matters in the city yesterday.

ILLINOIS COLLEGE NOTES

The usual Osage Orange picnic will be held on the campus of the college Monday afternoon at 5 o'clock. The indications are that a large number of alumni and friends will gather on the campus at that time. The college has in former years furnished free coffee to all and one of the girls' societies will sell ice cream. No individual invitations are extended for this picnic but friends are urged to bring their lunches and come.

Relatives and friends of the graduating classes are most cordially invited to the reception and at the home of President and Mrs. Rammelkamp Tuesday afternoon at 4 o'clock.

John F. Downing of Kansas City expects to be present at the annual meeting of the board of trustees. Harry J. Dunbaugh of Chicago and Thomas L. Fansler of Philadelphia, John J. Bergen of Virginia are also expected to attend the annual meeting.

The ladies of the Grace church will serve the Phi Alpha banquet in the gymnasium Tuesday evening and also the alumni luncheon Wednesday morning.

The college is having one hundred photographs of its men who have been in the service framed and it is hoped that these photographs can be placed on exhibition during the coming week.

The oldest alumnus who will probably be present at the commencement exercises is Robert A. Campbell of the class of '52 from Bowling Green, Missouri. Judge Campbell is in the same class as Henry Stryker of Jacksonville and William A. Knox of Chicago.

CHALMERS

Has Led All Motor Car Design

WITH ITS

HOT SPOT AND RAM'S HORN

The public the country over now accepts Hot Spot and Ram's horn, and in accepting them the public pays Chalmers a nation-wide tribute.

For when the great American jury endorses a principle it means other makers must follow that principle.

In this way Chalmers has been awarded an engineering leadership.

Just what Hot Spot and Ram's horn accomplish and how they do it has been told many times, but no other maker has yet found a way

to improve upon them. Hot Spot vaporizes the raw, heavy, inferior gasoline of the day into a "fine cloud." Ram's horn rushes it at a velocity of 100 miles an hour through "easy air bends" to each cylinder, equidistant from Hot Spot.

One without the other would be ineffective.

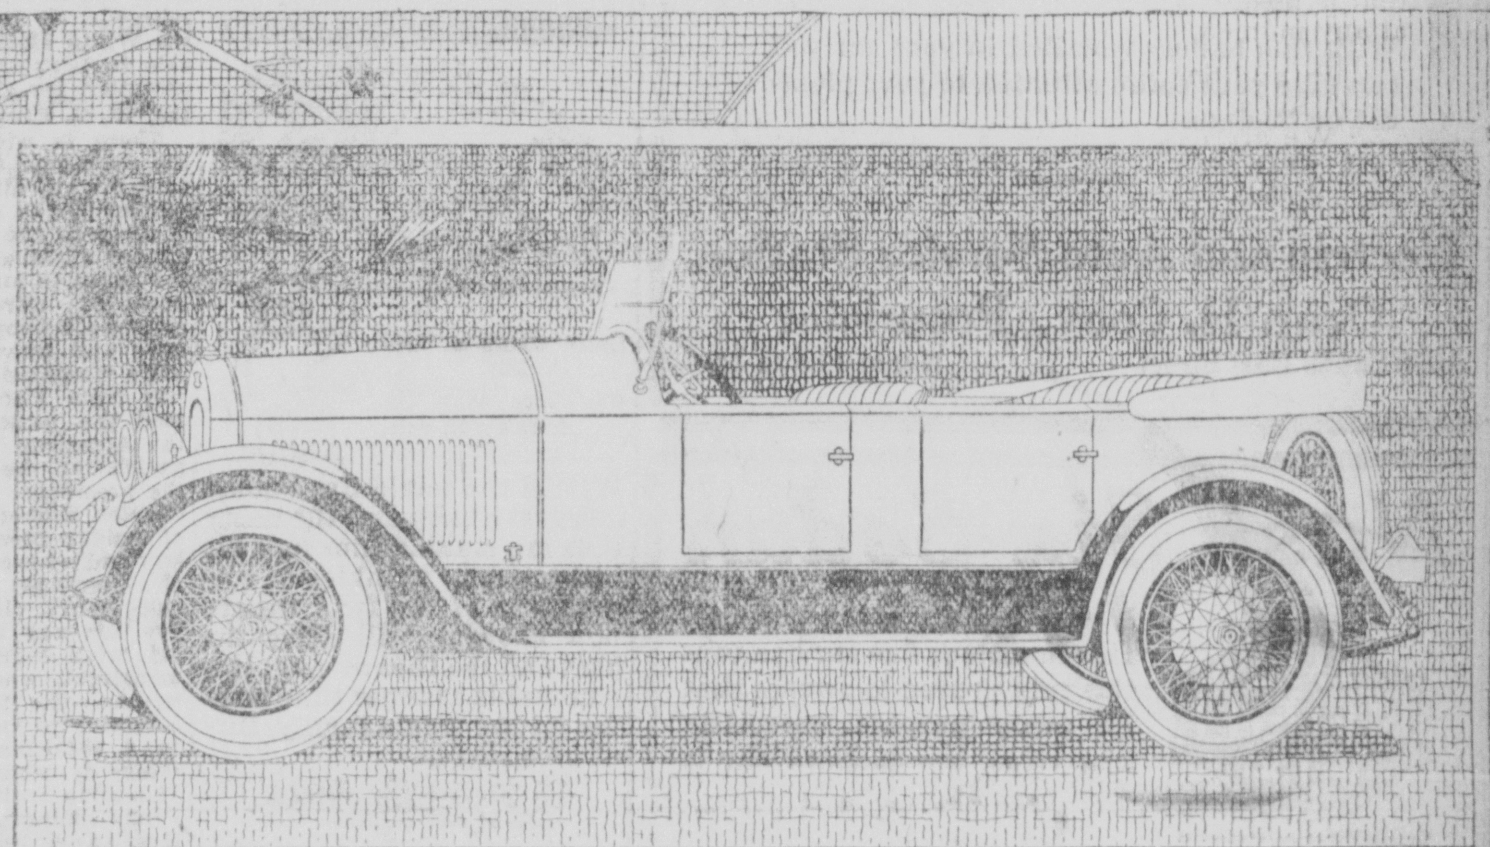

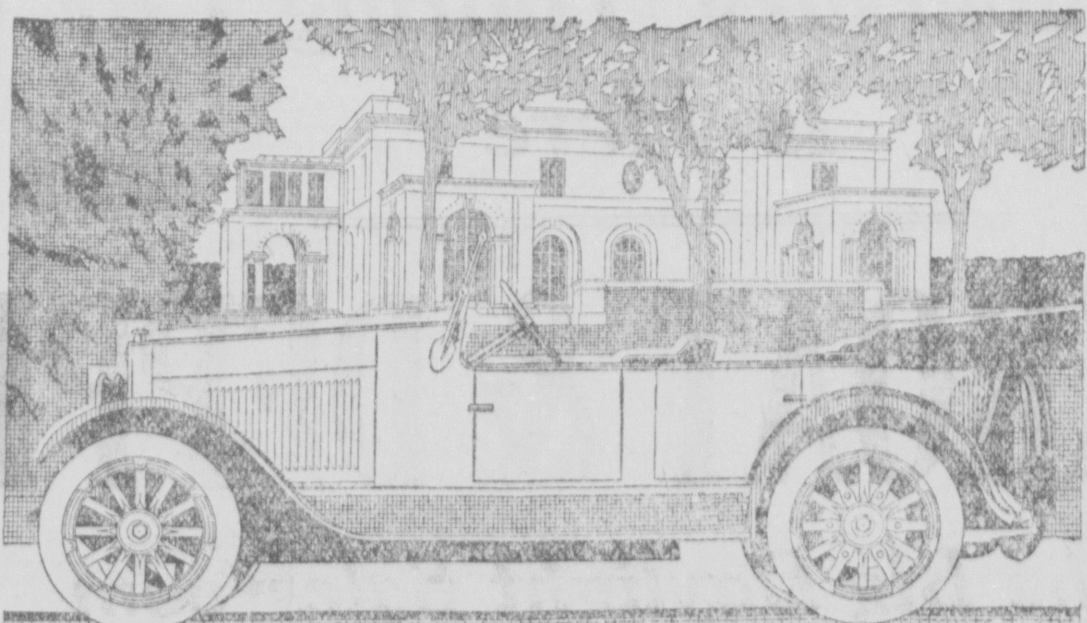

Playing together they lift Chalmers to a high peak of efficiency.

The reward has been the ever growing opinion of the public that Chalmers is one of the few great cars of the world.

A Car of Universal Appeal

REACHING the peak of possibility in every department of motor car performance; delivering under every condition the maximum of efficiency with a corresponding minimum of operating cost, the Cole Aero-EIGHT has changed completely all former conceptions of what a motor car can be made to do.

Meets Every Need

The Cole Aero-EIGHT develops 80 horsepower, yet its fuel demands are surprisingly inconsequential.

Its pickup and speed give it the fleetness of a bird, yet for the hills and deep sand it has a relentless brutality which knows no compromise.

It weighs only 3,600 pounds, yet it has the stamina and strength of a giant—capacity that enabled it to serve so valiantly all through the war.

Its 15,000 miles on tires is a feature of unequalled economy, while its spacious roominess affords palatial repose and luxurious comfort.

Its designs are daring departures from the conventions of automobile tradition, but its refinements reflect the most staid propriety.

The Cole Aero-EIGHT has introduced new standards both of performance and appearance. It offers as realities of the present ideals which seemed intended for fulfillment only at some future time.

The Cole Aero-EIGHT is a car of universal appeal, of universal utility. It dominates the field of automotive achievement as a leader in every recent phase of motor car advancement.

CAMPAIGN FOR MEMBERS IS ON IN GREENE COUNTY

Organizer of State Agricultural Association Inaugurates Campaign for Members—Census Returns Questioned—Other Items from Greene County.

White Hall, June 5.—Mr. Stephenson, organizer of the Illinois Agricultural association, has been in White Hall township since Wednesday in the interest of the membership campaign in Greene county, and has been meeting with a very large measure of success. The campaign embraces also the Greene County Farm bureau, and will be in progress a couple of weeks yet. Mr. Stephenson is being piloted over White Hall township by Marcus McCollister.

The showing of only one hundred increase in population in ten years by the census returns for White Hall is being very much questioned. When the census was taken ten years ago the plant of the Western Stoneware Co. was closed down under a trust agreement and many houses had been vacated by employees who went to Monmouth and other clay manufacturing centers. Conditions are now the reverse, with the demand for houses, as is the case generally, greatly in excess of the supply, and there have been a considerable number of houses built in the last ten years. All these considerations render an increase of only one hundred in ten years a matter of question.

Shutdown of Sewer Pipe Plant Averted.

A shutdown of the sewer pipe and drain tile plants has been averted by the availability of a fuel supply from White Hall coal

mines that hitherto have not been worked to an extent to take care of manufacturing demands. The situation became so acute that Burrell Wyatt was induced to furnish a supply from his mine, east of town, which with receipts from Springfield have kept the plants going nicely. A comparison of results from burning the two kinds of coal is an interesting feature, and workers in the plants seem to be united on the point that the White Hall coal is equal in heating quality with the Springfield product, and is just as free from clinkers. It requires more of the White Hall coal to produce the heat, and if this extra expense can be taken care of, there is no apparent reason why the White Hall mines should not be mined to take care of the manufacturing demands here. A comparison is afforded in the record of burning kiln No. 8 at the drain tile works, a new kiln, and kiln No. 7, and old kiln. Both kilns are good burners. Springfield coal was used in No. 8, and during a 12-hour period the heat was raised from 1460 to 1760 degrees, the contents being four-inch tile. White Hall coal was used in kiln No. 7, and during a 12-hour period the heat was raised from 1460 to 1760 degrees, contents being a larger grade of stuff, such as building blocks, five and six inch tile. Kilns are burned off at around 1850 degrees and less, and the comparisons are made on hot kilns. This proves that White Hall coal possesses heating properties to make it good for local manufacturing purposes, and it is hoped that the present experiment will result in a larger development of the White Hall mines. The size of the vein, three and four feet, may be a drawback, but it is declared that much larger veins exist down deeper, and it would not be a hard matter to lay tracks to any of these mines from the line of the industrial railroad. It is very certain that the White Hall mines have been able to keep these two plants in operation for a week.

Col. W. G. Ebey to Speak Sunday.

There is wide interest among the old home friends and also among train dispatchers over this section in the coming of Col. W. G. Ebey to the M. E. church next Sunday night when he will occupy the pulpit in an address along the lines of unrewarded efforts of many good people in the old home town and unappreciated and obscure mentalities. Ebey is on his way from Hamlet, N. C., to attend the national convention of the American Train Dispatchers' association, he being assistant to the president. In a letter to Charles Richert he says: "Yours of Sunday received. You wonder how and where I get the command of language. To make a long story short, old chap, I'll answer you this way. Over yonder at that old brick school house on Sherman street, where we learned the lessons—the first lessons that are necessary to mould one's mind into a thinking power—for greater things is where I got my start. The early training received from Fanny Adams, Dora Foreman, Mrs. Ladd, Ada Vedder and others from the combination. And couple that with a million miles of travel, mixing and mingling with men of affairs; a good listener, a good memory and some hard work tells the story. Hidden away in many a village (and I'll include White Hall) you'll find many a master mind, but the faint heart, the bashful boy, and no one to push, the fellow remains in the old home town, and the populace take up interest in him. He's just a good fellow, he gives his life and talent to some task or behind a set of books, and the old world never knows his real worth. I have a sermon prepared on this very thing. Based on the life of Charles Davis. I'm hoping to bring the old home town the message."

Grimes Funeral Held Today.

Funeral services over the remains of Zeno Grimes were held at 1 o'clock today at the home of Harvey Truitt in Grant street, conducted by Rev. J. O. Rines. This is the second soldier funeral this week, both world war veterans, and in both cases the remains were taken to Greenfield for burial. Grimes was only 20 years of age. He was a victim of tuberculosis growing out of a bad attack of influenza while in the service. He had two brothers in the service. Manley Grimes was a prisoner in Germany for a time. He has been employed at the milk condensing plant, recently moving to Raymond to go on a farm. The other brother, Francis Grimes, a seaman, lost his life while in the service. The family at one time resided at Greenfield.

Miss Colla Emerson has returned to Astoria, after being the guest of Miss Dorothy Callans for some days.

Mrs. M. J. Galbully has returned from Schenectady, New York.

DECLARE GERMANY CANNOT PAY INDEMNITY

Berlin, June 4. — Whatever may be the size of the indemnity to be demanded from Germany by the Entente, the newspaper Germania says Germany cannot pay it.
Taxation, it adds, has already reached its utmost bearable limits and further burdens would be tantamount to confiscation.

The papers asserted there was danger that German delegates to the conference at Spa would be forced to sign undertakings which they knew could not be carried out.

THIS WEEK ONLY
At the Store Named Below
A 10-Day Tube of Pepsodent

Make This Free Test

For the Sake of Whiter, Safer Teeth

All Statements Approved by High Dental Authorities

The dealers named below have been supplied with 10-Day Tubes of Pepsodent. This week a tube will be handed free to anyone who asks. Simply present the coupon. The purpose is to urge a test of this film-removing tooth paste, which leading dentists nowadays advise. Prove the results for your own sake and your children's sake. Learn what they mean to your teeth.

See How Your Teeth Look When the Film is Gone

It Is Film
that causes men's teeth to discolor,
and that holds tobacco stains.

It Is Film
that clouds women's teeth, spoils
their gleaming beauty and
is the basis of tartar.

It Is Film
which is responsible for decay in
children's teeth. It is the source
of most tooth troubles.

There is on your teeth a slimy film. You can feel it with your tongue. It clings to the teeth, gets between the teeth and stays.

The tooth brush doesn't end it. The ordinary dentifrice does not dissolve it. So it clings and, night and day, it may do ceaseless damage.

The Tooth Wrecker

That film is the great tooth wrecker. Most tooth troubles are now traced to it.

The film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Also of many other troubles, local and internal.

That is why well-brushed teeth so often discolor and decay, why tartar forms and pyorrhea starts. You leave much of that film.

Tooth troubles are constantly increasing, as statistics show, despite the wide use of the tooth brush. And the reason lies in that film.

Now We Combat It

Dental science, after years of searching, has now found a way to combat film. Able authorities have proved it by convincing clinical and laboratory tests. Thousands of dentists have proved it, and at least a million people.

The results are seen everywhere in clean whiter teeth. Some of your own friends have them.

For home use, this method is embodied in dentifrice called Pepsodent. And this week you can test it at our cost.

Based on Pepsin

Pepsodent is based on pepsin, the digestant albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.

Pepsin long seemed impossible. It must be activated, and the usual method is an acid harmful to the teeth. But dental science has discovered a harmless activating method. And that method used in Pepsodent, enables all to daily use the efficient film combatant.

Watch the Results

We urge you to present the coupon. Get the 10-Day Tube and use like any tooth paste. No how clean the teeth feel after using. Mark the absence of the slimy film. See how the teeth whiten—how they glisten—as the fixed film disappears.

Compare the results with your old method. Then let your own teeth decide the method best for you and yours.

This is of lifetime importance. Don't neglect it. Cut out this coupon so you won't forget.

WHIPPLE COMMENCEMENT.

The Whipple academy commencement this year will be an occasion of more than usual interest. The senior class, under the direction of Mrs. Perry C. Thompson, will present the play, "The Hour-Glass," by William Butler Yeats.

Critics say this Irish poet is probably the most important as well as the most widely known of the men concerned directly in the so-called Celtic renaissance, and stands among the few men to be reckoned with in modern poetry, especially of a dramatic character.

He has chosen all of his themes from Irish legends or Irish history, and has woven into the fabric of his work a good deal of incidental Irish folk-lore and mythology. In "The Hour-Glass" a noble and poetic idea is carried out effectively. This one act play will be given in costume, in the college grove, Monday morning at

10 o'clock, June 7. In case of rain it may be given in the Jones' chapel. The public is cordially invited.

This Is the Secret of Hudson Supremacy

The Super-Six Motor Is Exclusive

The Super-Six performs its duties with such reliance and ease, one is apt to overlook the causes for its supremacy.

Drivers and passengers of a Hudson are seldom conscious that there is anything mechanical in its smooth transportation. It never obtrudes its mechanism.

So, from time to time, it is necessary to call attention to the Super-Six motor and its exclusive patented principle, which accounts for this fact.

This Is What It Does

Judge how complete is its advantage. Merely to think of the way thousands of Hudsons, year after year, are giving uninterrupted and economical service inspires the confidence owners have in the Super-Six.

Such performance depends upon more than good workmanship and good materials. Other cars possess those qualities. But they differ in this.

Forces which cause early motor destruction are converted to the useful agency of propelling the car. Vibration is practically annulled. The smoothness that results is not only appreciated in riding ease, but it means absence of strain and friction that conserves years to the life of the car.

That Is Why No Car Has Ever

Rivalled Hudson's Records

It means freedom from fatigue to passengers. It explains why the Hudson rides so pleasantly and endures so long against the hardest service.

It will be years before we can know the final limit of Hudson endurance. But already it is evident that endurance is doubled through this exclusive principle. More than 100,000 cars in service and nearly five years' experience reveal the character of Super-Six endurance.

The proof is also shown in Hudson's unequalled records for speed, hill-climbing, and acceleration. They cover the field. Can there be any question of its supremacy in these respects?

Also a Leader in Beauty

If it had no other appeal than its distinctive beauty, the Super-Six would hold high position. That is recognized in the way Hudson has set motor car styles. Its exclusiveness in that respect is maintained by creation and advancement. Others can always be just behind its mode. But with its motor there can be no imitation. There it holds a monopoly.

Strive as they may, to accomplish the same results, no one has as yet by official proof shown that any motor equal or satisfactorily supplants the Super-Six in those qualities for which it is famed.

Daily Market Report

WEEK END SESSION OF STOCK EXCHANGE DULL

NEW YORK, June 5.—The week-end session of the stock market presented no features of special interest. Speculative shares of the steel, equipment, motor, oil and tobacco varieties were strong, the light as a whole showing a firm undertone.

Trading was relatively more active than during the three preceding days, the customary evening up of short accounts accelerating the advance and contributing to the turnover of about 300,000 shares.

There were no developments pointing to the course of next week's money market and foreign exchange was again irregular, with another advance in the German rate. Cables from Buenos Aires reported the release of additional gold here from the Argentine government's reserves.

Trade authorities in their weekly surveys stressed the more uncertain conditions in many lines of commerce the volume of business just now, according to their advice being smaller than at any time for more than a year.

The clearing house statement disclosed the usual discrepancies between average and actual conditions of the metal banks. For example, average loans decreased by little more than \$10,000,000 while actual loans increased close to \$16,000,000 with a gain in actual reserves of about \$4,250,000, bringing excess reserves up to \$28,567,400.

Dealings in bonds were moderately large, liberty issues reacting at the outset, but making up most of their loss later. Total sales (par value) aggregated \$9,175,000.

United States bonds were unchanged on call during the week.

CORN MARKET CLOSES WEAK AND NERVOUS

CHICAGO, June 5.—Signs of at least some increase of the crop movement next week had a bearish effect today on corn. Prices closed nervous 1/2 to 1 1/2 net lower, with July \$1.73 to \$1.75, and September \$1.60 to \$1.65. Oats finished unchanged to 1/4% down, and provisions off 2 to 17c.

Expected accumulation of receipts during Sunday gave the bears in the corn market an initial advantage. Besides, notwithstanding that today's arrivals were stunted, country offerings were liberal, and week-end profit-taking on the part of holders acted as a depressing influence on the session. Rallies that took place proved to be difficult to maintain, although at times considerable speculative buying was indulged in based on assertions in various quarters that the railroad traffic jam promised to get worse if anything instead of improve. As soon, however, as such buying diminished, it was noticeable that the market quickly sagged. A sharp reduction in export bids on wheat was construed as bearish regarding corn and so too was a report that Boston offers to resell corn were 10c under current cash quotations. Oats were relatively firm, with receipts next to nothing.

Provisions weakened, owing to lack of support. Selling, though, was only of a scattered character.

GOING OUT of BUSINESS

WE'VE BEEN FORCED OUT

Our entire stock of Clothing, Furnishings and Fixtures must be sold in the next 60 days. The building we are in has been sold and we are asked to give possession in August. We cannot get a suitable room, therefore we must retire from business and close out our entire stock.

It's hardly necessary to mention how this sale will be conducted, as most people in this community know how we have done business the past ten years, and we hope to retire from business and hold the good will of the people, as we have in the past.

The stock we have always carried is standard and high grade. You won't find any shoddy goods here. We shall close out our \$50,000 stock at prices you may never hear of again. We cannot put the prices of all the articles we have for sale on this bill, therefore you must come here and see for yourself the many bargains we have to offer. We can only list a few.
